

Hazardous Substance Superfund

Total Funding Available: \$600 million

State Funding Available: N/A (will make awards on a national basis from previous applicant pools)

Overview:

The federal superfund remedial program provides funds for the long-term cleanup of abandoned hazardous toxic waste sites.

Special Factors:

Federal stimulus funding through this program is discretionary by the U.S. Environmental Protection Agency (EPA) and will be awarded to projects which have finished the public notice and permitting requirements.

How to Access Funding:

EPA will make awards to sites previously listed on the Superfund ranking list.
