2023-2024 Municipal Calendar

Please Note:

Many of the deadlines appearing in this edition of the Municipal Calendar, such as distribution dates for state-collected local revenues, and other substantive information found therein, are subject to change by enactments of the North Carolina General Assembly. Please consult the NCLM League Bulletin, (including annual End of Session Bulletins) and other legislative materials, for the latest developments regarding these matters, or contact League staff members for guidance in seeking further information. On a webpage also linked therein, a wide array of information is available as to guidance, resources, and updates regarding the American Rescue Plan Act.

Calculation of Dates:

Under the North Carolina General Statutes, G.S. 103-5 provides that where the day or the last day for doing an act required or permitted by law to be performed in a public office or courthouse falls on Saturday, Sunday, or a legal holiday when the public office or courthouse is closed for transactions, the act may be done the next succeeding secular or business day on which the office or courthouse is open for transactions. Accordingly, this Calendar generally transfers to the next business day state-law-related deadlines that fall on weekends and holidays observed by the State. Further, G.S. 105-395.1 provides that when the last day for doing an act required or permitted by the Machinery Act (G.S. 105-271 – G.S. 105395.1)
falls on a Saturday, Sunday, or holiday, the act is considered to be done within the prescribed time limit if it is done on the next business day: pursuant to this provision, this Calendar transfers to the next business day such deadlines falling on weekends and holidays observed by the State.

For purposes of federal tax deadlines, if any date for filing a return, furnishing a form, or depositing taxes falls on a Saturday, Sunday, or legal holiday, the due date is the next business day. The term "legal holiday" for this purpose means any legal holiday in the District of Columbia. A statewide legal holiday delays a filing due date only if the IRS office where one is required to file is located in that state. However, a statewide legal holiday does not delay the due date of federal tax deposits. Pursuant to this provision, the Calendar transfers to the next business day federal tax filing deadlines falling on weekends and holidays observed by the federal government or District of Columbia.

In using this edition of the 2023-2024 Municipal Calendar, we respectfully remind — and strongly encourage — municipal officials to consult the original governmental department, division, or agency sources regarding the deadlines projected herein, to familiarize themselves with developments in the holidays observed by the state and federal governments, and to duly consider the weekend closings and local holiday schedules the municipality observes. Provision of the 2023-2024 Municipal Calendar does not constitute the provision of legal advice by the NC League of Municipalities.
